GENERAL STATEMENT

History The New Orleans Conservatory of Music and Dramatic Art was founded in 1919 by Dr. Ernest E. Schuyten, who realized the need for a specializing school in the city of New Orleans. Dr. Schuyten was aided and supported in his undertaking by a number of leading teachers of New Orleans.

In September, 1932, the New Orleans Conservatory of Music and Dramatic Art affiliated with Loyola University and became the College of Music of Loyola University.

ENTRANCE PROCEDURE

Method of Admission Graduation from an accredited high school, or an equivalent of fifteen units, is required. Of these fifteen units of high school work, three must be in English, two in mathematics, two in social sciences, one in general science and seven in elective subjects. Of these eight elective units, five must be chosen from academic subjects. The remaining three units may be in music or other free electives. Any deficiency in high school credits must be made up during the first year of the degree course.

Entrance Examination The Musical preparation required for admission to the degree courses, whether or not expressed in terms of units accepted for High School graduation, includes a knowledge of elementary theory which should embrace, notation, keys, scale construction in both Major and Minor modes and intervals.

Students desiring to enter the Freshman class will take a placement test before matriculation. The test will be in Theory of Music and Applied Music.

If the applicant lacks sufficient knowledge or cannot satisfy the prerequisites as set forth in the description of the courses, he will be assigned to the courses marked "X".

Date of the placement tests in music will be early in September. The exact date may be obtained from the Registrar of the Music School.

When a student passes the final tests in Theory "X" he will be admitted to the Sophomore year without any further examination.

Conditional Entrance Students lacking required High School units in one or two subjects may be accepted in the

College of Music if they show sufficient musical talent, but all deficiencies must be removed within the first school year.

Advanced Standing Advanced standing in certain courses may be given after examination only. Advanced standing carries credit, but not quality points. Students availing themselves of such privilege are not allowed to substitute the next higher course that year.

Transfer of credit is accepted only from institutions of collegiate standing and from approved conservatories which grant degrees.

ADMINISTRATIVE PROCEDURE

A. Relating to Instruction in Applied Music

1. For students majoring in music education, instruction in minor instruments may be given in classes of not more than four students.

2. To earn the required credits a student majoring in Applied Music must take not less than 30 half hours or 15 hours of private instruction each Semester.

B. Relating to Examinations and Grades

1. At the end of each semester an examination is given in each course.

2. Regular or special students expecting to validate their credits in applied music, either for immediate or future application to degree requirements or for transfer to other institutions, must take the examinations. Special or preparatory students who do not take the examinations will be reported Z.

3. The final semester reports are made in accordance with the following system of marking: A, excellent (93%-100%); B, good (85%-92%); C, fair (77%-84%); D, passed (70%-76%); E, conditioned (55%-69%); F, failed (below 55%); FE, failure because of excessive absence; FS, failure because of pre-examination scholastic deficiency; W, withdrew from course with permission; WF, failure because of withdrawal from course without faculty approval. The passing grade is 70%.

4. *Quality of Work* A candidate for a degree must present not only the required character and quantity of work, but he must attain a certain standard of excellence in his work, especially in his major and minor areas of concentration. Hence, the candidate for a music degree must present, in addition to the minimum of 128 semester hours of credit, a minimum of 128 quality points, or an average grade of "C" or better.

Quality points are earned in the following manner: For the grade of "A" in a subject course, the student is credited with three times as many quality points as semester hours allowed for that course; for the grade of "B," twice as many quality points as semester hours; for the grade of "C," just as many quality points as semester hours; for the grade of "D," semester hours are credited, but not quality points; for

the grade of "F," neither semester hours nor quality points are credited, but the semester hours are added as hours attempted in computing a student's standing and credit point ratio.

5. Any student who desires to take an examination from which he was absent must obtain permission of the Dean and obtain from the Registrar a blank form for presentation to the instructor in charge of the course. This blank, when signed, must be filed with the Registrar within one week from the time of the examination.

6. Residence is considered to mean two semesters of study in which not less than thirty-two semester hours of credit have been earned. A summer session of six consecutive weeks in which not less than eight semester hours have been earned is considered as the equivalent of one quarter of a semester.

7. (a) In class subjects such as harmony, history of music, etc., and academic subjects, one semester hour of credit shall be given for one period of recitation (50 minutes) plus two hours of preparation each week for eighteen weeks, inclusive of examinations. In subjects such as ear training, sight singing, dictation, ensemble, etc., where no outside preparation is required, two 50-minute recitation periods per week for eighteen weeks shall be required for one semester hour of credit.

(b) One semester hour credit shall be given for each three hours per week of practice, plus the necessary individual instruction, with a maximum of six semester hours credit per semester allowed for the major subject in applied music. It is understood that the credit is not earned unless the final examination is satisfactorily passed. Students majoring in vocal or instrumental music shall be required to take a minimum of one hour (60 minutes) individual instruction per week throughout each year of residence.

(c) For a student to earn one semester hour of credit during a summer session, he must attend the same number of class sessions and make the same amount of preparation as he would by attending a one hour per week course for one semester during the regular academic year. It is usual academic practice to allow a student to earn one semester hour of credit for each week of the summer session.

8. Examinations will be conducted for students majoring in applied music at the end of the Sophomore year in

order to determine if they have a reasonable chance to succeed in their chosen field of endeavor. At the end of the third year the student is required to give a junior recital. The quality of this recital will be judged by a jury who will decide whether or not the student might be ready for the senior recital the following year.

C. Relating to Attendance

Indiscriminate absences from theory classes or from individual lessons are not conducive to efficient work on the part of the student. Such irregular attendance impairs the progress of the class and is objectionable to the teacher. Therefore, "cuts" are never allowed. Necessary or anticipated absences should be declared to the instructor beforehand. Unforeseen absences are to be explained to him very soon after the absence has occurred and be properly attested.

The faculty will enforce definite sanctions for all absences. A system of lowering the semester grades of careless students will be applied, the penalty levied will be commensurate with the number of absences. A summary dismissal from a class will be enforced, if in the judgment of the instructor, the student is incapable of continuing the work. However, the concurrence of the Dean is necessary for such dismissal.

Tardiness is almost as objectionable as absences. Students guilty of repeated tardinesses shall be subject to the same regulations and sanctions as applied to absences.

All candidates must be present at the Commencement exercises and receive their degrees in person. No excuse outside of serious illness attested by a reputable physician will be accepted. The University will not confer degrees *in absentia*.

D. Relating to Discipline

The educational system of this University includes, as one of its most important features, the formation of character. It is expected that each student will be so loyal to the spirit and ideals of his Alma Mater that the exercise of proper self-control will come from his own convictions and free determination.

The College rules and regulations are meant as a guide and help to foster that gentlemanly conduct which is presupposed in every Loyola student. *These rules require*

regular and punctual attendance at all scheduled exercises, obedience to college customs and regulations, serious application to study, and blameless conduct. A student who shows himself deficient in these essential points will be suspended or dismissed.

The College reserves the right to dismiss at any time a student who fails to give satisfactory evidence of earnestness of purpose and of interest primarily in the serious work of college life. Dismissal may be made without specific charges, and, in rare cases, perhaps on grounds that will seem insufficient to students and parents. The University, in these cases, holds itself to be the more capable judge of what affects the interests of the institution and the student-body.

The fees of such a student will not be returned.

MUSICAL ORGANIZATIONS AND AWARDS

Loyola University The University Symphony Orchestra is a complete organization composed of members of the faculty, advanced students, and the alumni. Rehearsals are held every week. Membership in the orchestra is compulsory upon all students selected by the Dean. It affords them an invaluable opportunity for acquiring the technique of orchestra playing and familiarizes them with the classic and modern repertoire of the orchestra. Advanced students are given the opportunity to appear as soloists with the orchestra.

Loyola University In this division all Musical Organizations
Choral Union within the University take part and contribute to the presentation of larger Choral and Symphony works combined.

The Alumni of the University are invited to join this organization.

University Membership in the University Symphonic Band
Band is open to the students of the College of Music if they have the required ability and training.

Religious For the purpose of fostering religious faith and
Organization fervor, and to encourage ambitious students to spiritual and scholastic leadership, the University Sodality offers many opportunities for personal development, as well as training and practice in social work and religious activity.

Weekly meetings are held for the discussion of phases of Catholic life, and bi-weekly the Sodality gathers in Louise Thomas Memorial Chapel to recite the office of the Immaculate Conception and receive Holy Communion in a body.

Phi Beta Phi Beta, National Professional Fraternity of Music and Speech, was founded in 1912 at Northwestern University. Epsilon Chapter was installed at Loyola University in 1938.

The purpose of the Fraternity is to promote the best in music and speech and to develop professional ability in these two arts.

Phi Beta The Phi Beta Plaque is awarded annually to the **Award** member of the graduating class who ranks highest in scholarship and musical achievement, the merits to be judged by a committee appointed by Phi Beta.

PART III**PROGRAM OF STUDY LEADING TO A DIPLOMA****GENERAL INFORMATION**

This course is designed for special students who wish to concentrate their efforts in instrumental, vocal, or theoretical music only.

The length of the Diploma Course is usually four years, however, a student who has had advanced training elsewhere may upon examination shorten the prescribed four year period. The course includes a major subject and related music studies. The Music Theory requirements and the Applied Music requirements are the same for Diploma and Degree Students.

Later, a student holding a diploma can obtain the Bachelor of Music Degree by adding the required studies in the College of Arts and Sciences. These studies must include twelve semester hours of College English.

Those who wish to qualify for the Bachelor of Music Education must satisfy the requirements of the College of Arts and Sciences and the State Board of Education.
